

5 Leadership

A master of science degree is within your reach. As an RIT alum, your opportunities are plentiful as you embark on becoming a leader in print and graphic media. At RIT, you can complete your Masters in as few as 12 months.

4 Co-Op

As an international student, plentiful co-op work experience opportunities are available. CPT (curricular practical training) and OPT (optional practical training) with your STEM-OPT visa provides you with the ability for work training experience in the US during and after your classroom experience.

3 Applied Research

Curiosity drives research. At RIT, you will have the opportunity to focus your interests and contribute new knowledge to the field. With thesis, capstone, and applied research options, you'll develop your research interests at RIT.

2 Coursework & Projects

You will participate in relevant coursework focused on scientific and technology principles in print and graphic media. Working with fellow students, you will tackle projects impacting the development of the field.

1 Community

At RIT, you are accepted into a community of like-minded and curious students. With fellow students from around the world, you will find tremendous opportunities to develop friendships with locals and other international students.

MASTER OF SCIENCE PRINT AND GRAPHIC MEDIA SCIENCE

"We apply science and technology in print and graphic media to fuel the creative process. At RIT's MS in Print and Graphic Media Science, students emerge as leaders."

RIT's master's of science in Print and Graphic Media Science (PGMS) is a focused program applying science and technology to the graphic production process. Working alongside leaders in the field, our faculty are there to help you develop your knowledge-base and focus your research interests. Our vast alumni network is there to help you succeed upon graduation. As a STEM-OPT visa eligible program, PGMS provides practical training options during and after graduation. Whether you aspire to be a technologist, entrepreneur, or a thought-leader in the field, RIT's MS in Print and Graphic Media Science will help you emerge as an innovator in print and graphics.
